

ELN (KOZA)

January 2022 Newsletter

The Environmental Literacy Networking Project (ELN) is a network established by Yuva Association and Kyoto Club which brings together non-governmental organizations, civil initiatives and local governments working in the field of environmental education in Turkey and the EU. In this context, we organize dissemination trainings, trainings of trainers, workshops for capacity building etc. [You can visit our website for more information.](#)

ELN PROJECT TEAM JANUARY SUMMARY

The first month of 2022 passed with the reporting of the last year and the planning of the new year for the Eln team. In this context, we shared an annual report and a survey with network members. We also evaluated the opinions of 10 members who participated in the survey. We will continue similar activities that will strengthen the participatory structure within the network.

PREPARATIONS FOR TRAINER'S MANUALS TO BE USED IN ELN DISSEMINATION TRAININGS ARE AT THE FINAL STAGE

Oturum 1.
EKOLOJİK OKURYAZARLIĞIM

Oturumun amacı: Katılımcıları program hakkında bilgilendirmek, tanışmak ve sürdürülebilirlik ve ekolojik okuryazarlık konusundaki birikimlerine dair bilgi edinmek.

Oturumun süresi: 40 dk.

- Tanışma (10 dk)
- Etkinliğin anlatılması (5 dk)
- Oturum etkinliği (15 dk)
- Etkinlik Değerlendirme (10 dk)

Oturum etkinliği: Tombala! Sürdürülebilir Yaşam (30 dk.)

A sweet rush continues in Eln Education Programs. The trainer's handbooks prepared for the dissemination trainings we have created for adults and children aged 13-17 have finally gone to design! We look forward to sharing our booklets, which are fresh out of the printing house, with our Eln members and trainers soon. Environmental literacy trainings, which we have conducted online throughout 2021, will continue face-to-face as of March.

ENVIRONMENTAL EDUCATION AGENDA

A proposal for a Council Recommendation is being prepared for EU member states in the field of environmental sustainability education. The purposes of the proposal are to support learners in European Union member states to equip them with the knowledge, skills and attitudes needed to take action on sustainability, climate change and biodiversity loss. You can find the proposal and the details on the subject at [this link](#).

NEWS FROM THE MEMBER ORGANISATIONS

PETITION CAMPAIGN FROM BUGDAY ASSOCIATION

The “Towards Non-Toxic Cities” project, carried out by the Buğday Association for Supporting Ecological Life, in partnership with the European Pesticide Action Network and the Toxic-Free Tables Platform, aims to raise awareness about the harms of pesticides and biocidal products used by local governments in cities and to encourage the use of alternative applications. The petition titled “Take Action for Non-Toxic Cities” initiated by the Toxic-Free Tables Platform within the scope of the project supported by the European Union Civil Society Dialogue VI program demands that the municipalities promise to take a decisive step towards becoming a poison-free city.
